

Message from the Mayor

It is my pleasure to extend greetings and a warm welcome to everyone attending the International Workshop on Applied Probability (IWAP) hosted by The Dalla Lana School of Public Health (DLSPH).

DLSPH is a leading public health research, education and service faculty with the University of Toronto and conducts major research and training initiatives covering the full spectrum of public and global health.

During the conference, researchers from around the world will meet, exchange ideas and discuss issues with academic and industry experts in a professional setting.

I wish to welcome everyone to our city and encourage you to enjoy Toronto at this time of year as well as learn about our vibrant neighbourhoods.

On behalf of Toronto City Council, please accept my best wishes for an informative and enjoyable conference.

Yours truly,

Mayor John Tory
City of Toronto
